FitVibe

SMART INDIA HACKATHON 2026

❖ Proposed Solution (Describe your Idea/Solution/Prototype)

❑ Detailed explanation of the proposed solution

- A personalized and gamified fitness platform that motivates users to exercise regularly and helps them track and improve their fitness journey.

❑ How it addresses the problem

- It encourages regular exercise by providing personalized workouts, tracking progress, and using challenges and rewards to keep users motivated.

❑ Innovation and uniqueness of the solution

- Gamified and personalized fitness experience with challenges, rewards, and community-based competition to keep students motivated.

TECHNICAL APPROACH

SMART INDIA HACKATHON 2026

Technologies to be Used

Frontend	React.js, HTML, CSS, JavaScript
Backend	Node.js, Express.js
Database	MongoDB
Authentication	JWT
APIs	Fitness / Activity APIs
Tools	VS Code, Git, GitHub, Postman

Working Prototype (MVP Features)

- User Registration & Login
- Workout Videos & Guides
- Fitness Recommendations
- Create / Join Group (Invite Code)
- Activity Tracking (Steps, Calories, Time)
- Weekly Winner Badge
- Daily Challenges & Streaks
- Real-Time Leaderboard
- Group Chat / Cheer Squad
- Progress Dashboard
- Rewards & Badges
- Group Activity Feed

Methodology & Process for Implementation

1. **Research** — Problem, users & existing solutions
2. **Requirements** — Features, roles & user flows
3. **Design** — MERN architecture, DB & UI/UX
4. **Development** — React + Node + Express + MongoDB
5. **Testing** — Functionality, usability & APIs
6. **Deployment** — Frontend, backend & database
7. **Improvement** — Feedback, analytics & updates

Goal: Make fitness simple, engaging and consistent through technology.

FEASIBILITY AND VIABILITY

SMART INDIA HACKATHON 2026

✓ **EASY TO BUILD**
MERN-based MVP

✓ **COST-EFFECTIVE**
Low-cost technology

✓ **SCALABLE**
Ready for future growth

KEY CHALLENGES	→	HOW FITVIBE ADDRESSES THEM
User Engagement	→	Gamification, streaks & rewards
Activity Accuracy	→	Manual + API-based tracking
Privacy & Security	→	JWT authentication & protected data
Growing User Base	→	Scalable MERN architecture

VIABLE TODAY • SCALABLE TOMORROW • DESIGNED FOR LONG-TERM ENGAGEMENT

visionX

IMPACT AND BENEFITS

SMART INDIA HACKATHON 2026

SOCIAL IMPACT
Builds supportive fitness communities and motivates people through shared goals.

HEALTH IMPACT
Encourages regular activity, healthier habits and long-term fitness awareness.

FITVIBE
FITNESS FOR EVERYONE

ECONOMIC BENEFIT
Affordable digital fitness support with minimal equipment requirements.

SUSTAINABLE BENEFIT
Digital-first platform that reduces dependence on physical resources.

Making fitness more accessible, engaging and consistent for people of all age groups.

RESEARCH AND REFERENCES

SMART INDIA HACKATHON 2026

Research-backed approach: Physical activity + Gamification + Community motivation

01

WORLD HEALTH ORGANIZATION (WHO)

Physical Activity Fact Sheet (2024) • 31% of adults and 80% of adolescents do not meet recommended activity levels.
who.int/health-topics/physical-activity

02

FIT INDIA MOVEMENT

Government of India • Promotes making fitness easy, fun and part of daily life for citizens.
fitindia.gov.in

03

SYSTEMATIC REVIEW & META-ANALYSIS

JMIR, 2022 • Evidence shows gamified interventions can promote physical activity across populations.
jmir.org/2022/1/E26779/

These findings support FitVibe's focus on accessible, engaging and consistent fitness for everyone.
